- ▶ Our the filter element can completely replace **HYDAC, PALL, EPE filter, VICKERS filter, FILTRE filter, ARGO. Filter element, HY-PRO filter, MAHLE filter, INTERRANMAN filter, MP-FILTR filter, PARKER filter, Corporation STAUFF filter, TAISEIKOGYO filter, etc.**

Corporate customers...

Applications

- ▶ Site Location: Coal Power Plant Reclaimer
- Job Description: IHI Auto Grease Lubrication
 - Design Lubrication System
 - Installation and Setting System

Applications

- ▶ Site Location: Coal Power Plant Reclaimer
 - Design & Installation

Applications

- ▶ Site Location: Sriracha (Bowin)

Job Description: IHI SK-505BM-1-LLS-AGT Full Set

- Design Lubrication System for Oven
- Installation Lubrication System
- PM Lubrication System

Applications

- ▶ Site Location: Chonburi (Amata Nakorn Industrial Estate)
- Job Description: IHI SK-505BM-1
 - Design Lubrication System for Press Machine
 - Installation Lubrication System

Applications

- ▶ Site Location: Rayong(Eastern Seaboard Industrial Estate)
- Job Description : IHI SK-505BM-1
 - Design Piping System for Feed Coil Line 300 TON
 - Installation Lubrication System

Applications

- ▶ Site Location: Rayong (Map Ta Phut Industrial Estate)
- Job Description: Lubricus Battery Type-B1 (1 outlet)
 - Design Lubrication System for Motor
 - Installation and Setting System

Applications

- ▶ Site Location: Rayong (Siam Eastern Industrial Park)
- Job Description: Lubricus Battery Type-B1 (1 outlet)
 - Design Lubrication System for Motor
 - Installation and Setting System

Applications

- ▶ Site Location: Rayong (Amata City Industrial Estate)
- Job Description: Sololube Xtra
 - Design Lubrication System for Motor
 - Installation and Setting System

Applications

- ▶ Site Location: Rayong (Hemaraj Eastern Seaboard Industrial Estate)
